

ONS webinar: deep dive to the flexible table builder - further resources

Thank you for attending today's ONS webinar. We hope you found it useful. Please see below a list of resources and the links referred to during the session.

We want to ensure the events we host are useful to as many people as possible. To help us with this going forward, please take the time to complete this [brief survey](#) on the introduction to the flexible table builder event.

To hear the latest about upcoming Census 2021 outputs, [subscribe to the 2021 Census outputs email](#).

Create a custom dataset tool links
